

PBSci Department Chairs Meeting Schedule 2018-2019

Below is the schedule for all of the department chairs meetings for academic year 2018-19 (fall, winter, and spring).

As with years past, there will be both *Large Format* and *Small Format* meetings. The Large Format meetings include all department and program chairs and directors, department managers, ORU/MOU directors and managers, and business office administrative managers. The Small Format meetings include department chairs, the Science Communication Program Director, and ORU/MOU directors **ONLY**. We try to alternate formats at an “every other” meeting schedule.

This schedule is **SUBJECT TO CHANGE** depending on prevailing conditions across the division and the campus.
